

## SOCIETY FILLS COURT TO HEAR HARTJE DIVORCE

Pittsburg Millionaire and  
His Wife Tell How  
They Separated.

(Special to The Evening World.)  
PITTSBURG, June 26.—Before Judge Robert S. Frazer, in Common Pleas Court No. 2, today the suit for absolute divorce brought by Augustus Hartje, the millionaire wall-paper manufacturer, against his wife, Mrs. Mary Scott Hartje, was called for trial, with a strong array of legal talent retained on both sides.

Mrs. Hartje came into court early, accompanied by her mother and father. She was fetching in a blue silk dress, a black hat with ostrich feathers. Her face was suffused in a pink glow and she seemed uneasy.

Augustus Hartje was grave and careworn when called to the stand and sworn. He stated that he was forty-five years old and was married in Pittsburg in March, 1894, to Miss Mary Scott.

He said he had lived with his wife until July 24, 1906, at No. 5535 Irwin avenue, East End. He testified that he had two children—John S. Hartje, eleven years old, and Mary Louise Hartje, aged seven.

He told how he had returned from Europe two days before the separation. His wife had supper with him that night. Speaking of the parting he said:

"I was sick in bed. She started at about 7 o'clock to remove her personal effects. This took her until almost 11. She then left the house and we have never lived together since."

Mrs. Hartje for cross-examination was called by Attorney Rodgers. She was asked nearly the same questions. The proceedings were quite formal and devoid of sensational features, which are looked for later in the hearing. There was a big throng in court, a number of society people being in evidence.

### COLER CHARGES HEARD.

Allegations Against Borough President Treated None Too Seriously.

The charge that Borough President Coler, of Brooklyn, made promises of political reward prior to the last election in violation of the election law was taken up for trial this afternoon by Attorney General Mayer in his office at No. 27 William street.

James A. Healey, who, with James S. Taylor, preferred the charges, conducted the case for the complainant. Mr. Coler was represented by William M. K. O'Connell. The evidence introduced was not overwhelming and the whole proceedings were treated in a manner far from serious.

## ICE TRUST MEN IN PRISON PLAN TO GET FREEDOM

But Having Pleaded Guilty  
Appeal for Them Is  
Impossible.

TOLEDO, June 26.—The managers of the five ice companies yesterday sentenced to pay a fine of \$5,000 each and to serve one year in the workhouse, are locked up in the county jail. Commitment papers to the workhouse were not ready and the attorneys of the sentenced men held a conference today to determine on a plan of action to get out from under the imprisonment sentence.

The men were not locked in cells last night, but were confined in that part of the jail occupied by the Sheriff. Their meals are sent in to them and they are not permitted to leave the building.

The fact that all but one pleaded guilty makes it impossible for the managers to get out on bond or on appeal.

The local price of ice, which was increased 75 to 100 per cent. by the combine, has dropped 30 to 40 per cent.

The thirty ice handlers and drivers of the Schuller Ice Company are still out, but so far the strike has not spread to employees of other companies who refuse to deliver ice to members of the Schuller Company.

When the ice combine was formed last spring the drivers demanded and received increased wages, but on conviction of the managers of the trust the Schuller Company reduced wages and the strike resulted.

## FILIPINO REBELS AT CEBU SURRENDER.

MANILA, June 26.—The Puljanas leaders Quintan and Adva have surrendered to Gov. Osmena and the constabulary. These were the last of the men arrayed against the Americans on the island of Cebu.

The rifles and ammunition of the members of their band were also surrendered.

## SLAUGHTER-HOUSES CLOSED.

PHILADELPHIA, June 26.—The Bureau of Health to-day directed the owners of thirty-seven slaughter-houses in various sections of the city to abandon their establishments. There are 171 such places in the city, and an inspection showed thirty-seven of them, by reason of their unsanitary condition, to be nuisances prejudicial to the public health.

## The Largest Public Market in the United States

HAVE you any idea of the BIGNESS of this big Pure Food Store of ours? Did you know that there was but one public market (that of Providence, R. I.) that approached it in actual space occupied, that it was considerably larger than the famous Faneuil Hall market of Boston and that the noted Washington, D. C., market, which supplies two-thirds of the families of that city, was smaller both in space and in business done than this unequalled fourth floor of ours?

Meat, fish, fruit, butter, cheese, baker's goods, delicatessen and staple groceries—all in one big store under one management, with one fundamental policy controlling all—to sell lower than anybody else—but never to sell anything but pure, worthy goods! That's the kind of a Food Store this is.

Free deliveries almost anywhere—and quick—especially if you telephone in a hurry. Call 4,000 Chelsea.
